

# Jane's International ABC Aerospace Directory

## Advertising Opportunities

Jane's International ABC Aerospace Directory is the authoritative source for details on thousands of organisations and personnel in the aerospace industry. Concise entries provide contact information, financial and statistical information, personnel details, parent and subsidiary information, and details of products and services, as well as airfield reference data.

### Long shelf life

Your message lasts a year or longer

### Frequently used

Each copy a reference for a wide variety of government, military and industry personnel in the field, in the office and in the library

### Widely respected

Editorial excellence by the world's leading experts

## Be more than a name in the book

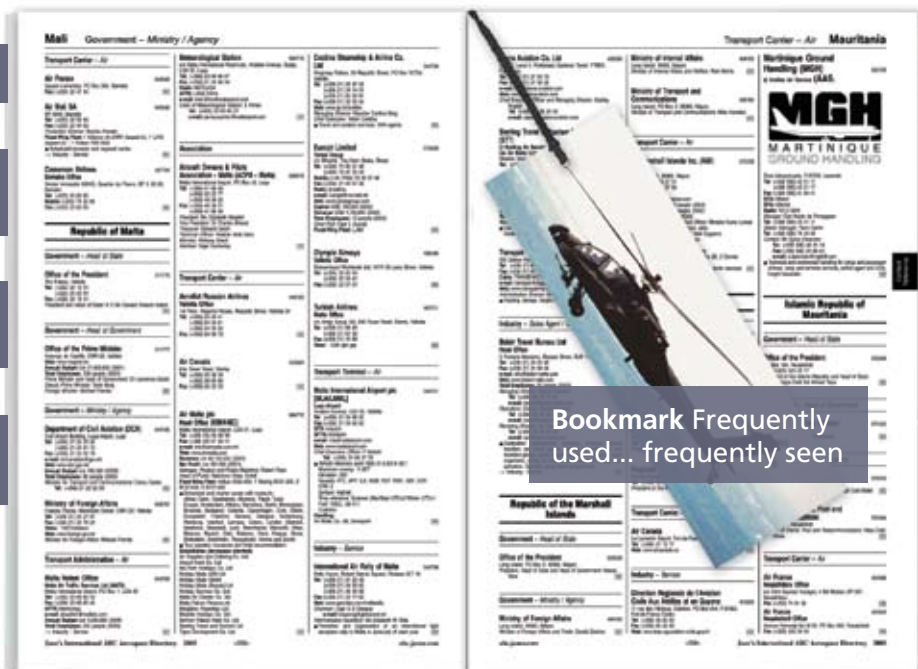

Reserve a commanding position and keep ahead of your competitors
