

Jane's Ammunition Handbook

Advertising Opportunities

Jane's Ammunition Handbook is the authoritative reference for ammunition in service, in stock and under development. It provides informed analysis of product developments and commercial history, as well as technical descriptions, specifications and illustrations. Original manufacturers' details and expert reference tables help confirm small arms identification.

Long shelf life

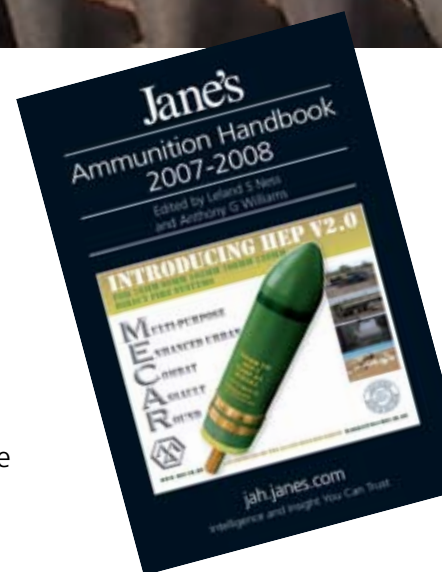

Your message lasts a year or longer

Frequently used

Each copy a reference for a wide variety of government, military and industry personnel in the field, in the office and in the library
