

Jane's Fighting Ships

Advertising Opportunities

For over 110 years, Jane's Fighting Ships has been the essential reference to the changing capabilities of the world's navies and coast guards, their ships, aircraft and weapons systems, both in service and under construction. Authoritative inventories for 164 navies around the world support threat assessment and recognition.

Long shelf life

Your message lasts a year or longer

Frequently used

Each copy a reference for a wide variety of government, military and industry personnel in the field, in the office and in the library
